³ Checkline-Overdraft Protection Line of Credit - No charge until line is accessed. Subject to interest and credit approval.

⁴ The Credit Union charges a \$5 overdraft transfer fee on automatic transfers from your savings account to cover insufficient funds. In the event an automatic transfer from your savings account occurs, but the amount transferred is insufficient to completely cover an overdraft, this fee will be charged in addition to the overdraft and returned items fee.

⁵ 12 month Merchant Remote Deposit Agreement required.

⁶ Additional fees may apply, see cardholder agreement for details.

⁷ Plus any pass-through charges from other financial institutions.

Shares in all business deposit accounts will be aggregated and insured against loss up to a total of \$250,000 by the National Credit Union Administration, a US government agency.

BUSINESS SAVINGS

This account is perfect for businesses that are looking for a way to build capital, but do not need check-writing access. Members must maintain an open savings account to utilize other Credit Union Services.

BUSINESS MONEY MARKET

A savings account that allows your business funds to work for you by paying a higher-than-average rate of return—while still providing you access to your money through check-writing privileges.

- One time fee to establish Credit Union membership.
- Other account and transaction-related fees may apply.
- Dividends will be calculated using the daily balances method, which is an application of a daily periodic rate to the full amount of principal in the account each day.
- Subject to application and credit approval.
- Transactions include deposit tickets, checks paid, and all deposited checks including those drawn on UVA Community Credit Union.
- No charge with at least one bill sent every two calendar months, otherwise a \$10.00/month fee applies.
- No maintenance fee charged during the first month the account is opened.
- Earnings credit rate is based on the average of the weekly auctions of the 91-day Treasury Bill during the previous month. The earnings credit will be calculated on the daily collected balance of the account and will be used to offset monthly account maintenance and service fees. Any earnings credit amount which exceeds the amount of fees for the current month will not carry over to subsequent months.
